Easter Bird Nests

Need a snack for your Easter Sunday School class? They can have fun making these at home also.

Ingredients:

- 5 oz Can of Chow Mein Noodles
- One 12 oz Package of Chips (white chocolate, butterscotch or peanut butter)
- 1 Scant tablespoon of Crisco Shortening
- One Package of Easter Peanut M&Ms

Instructions:

1. Place your package of chips in a glass bowl with 1 TB of shortening and place in the microwave and melt them using the defrost setting for 2 minutes. Every 15 seconds open the door of the microwave and stir the chips so they won't scorch. If they are hot and completely melted they are ready.
 2. Place your M&Ms in another bowl for easy access.
 3. Pour the melted chips over the top of the Chow Mein noodles and gently toss until all the noodles are covered.
 4. With a spoon arrange Chow Mein noodles on wax sheet covered cookie sheet or sheet cake pan (should get about 16 nests).
 5. Place 3 Easter Peanut M&M's on the top of each nest while still hot (move around in noodles to make sure they stick). They will take about 15 minutes to set up if you just leave them at room temperature or you can pop pan into the fridge for about 5 minutes.
