

Jesus Bingo Instructions

Jesus Bingo cards can be printed off for any number of children.

Note: You do not call off the letters just the numbers. Print the number sheet on following page and only call the numbers.

You Need:

- Computer and Printer
- Printer paper or cardstock (print off on pink paper if desired)
- Printable BINGO cards (see below)
- Scissors
- Candies or paper for markers (see tips for ideas), optional
- Contact paper or laminate, optional
- Bowl
- Cardboard, optional
- Glue, optional

How to Make:

1. Print a page of **Jesus** Bingo Cards. Be sure to print off enough cards for each child to have one.
2. If desired cover with contact paper or laminate to be able to reuse the cards again.
3. Print a page of Bingo Cards. Hint: Print off on cardstock or glue to cardboard to give the numbers stability.
4. Cut the numbers apart on the lines.
5. Place the numbers in a bowl.
6. Give each child a Bingo card and a handful of markers (see tips below).
7. Reach into the bowl, call out a number and the children place a marker on the number if it appears on their card.
8. Play the game just like regular Bingo. Play for 5 in a row down, across, diagonally, or even play blackout by covering all the numbers on the card.
9. Have fun!

Tips: Number markers can be holiday candy, punched circles from cardstock, flat buttons, or any small item that you have a multitude of!
